1. Multiplex Association of India.  
2. Resolution of 29th GST Council meeting held on 04.08.2018. | (ii) tickets of price more than Rs. 100 from 28% to 18% |

RECOMMENDATION OF FITCOM  
Fitment Committee in its meeting on 21st December, 2018 approved the proposal.  

REASON FOR THE PROPOSAL  
1. In 29th GST Council meeting, States represented for reducing the rate of GST on exhibition of cinema from 28% to 18%, avoiding price stratification and exploring option of promoting regional, theme based and educational cinema. Chairman GST Council directed Fitment Committee to examine the request with revenue data as this issue impacts a very large number of people.  
2. Charging high GST rate of 28% on cinema which is otherwise applicable to luxury, sin and de-merit goods/services is affecting the business volumes and is encouraging piracy, affecting tax revenue and the national economy. The trade and industry has been viewing this rate as very high compared to rate internationally.  
3. This is also viewed as a healthy family entertainment. Considering the fact that cinema reaches wider masses and acts as a major social and cultural catalyst, generate employment and revenue to exchequers, is not a luxury or sin service.  
4. The proposal before Fitment Committee involved revenue loss of appx. Rs. 900 crores. However at present compliance levels are low in single screen theatres and lower rates are likely to improve the revenue.  

2. | To exempt or reduce GST rate on air travel by chartered flights in respect of religious pilgrimage facilitated by the Government of India under bilateral arrangement from 18% to 5% |

Reference:  
Chief Minister of Bihar  
Sh. Husain Dalwai, MP  
Dr. T.M. Thomas Isaac, Minister for Finance and Coir, Kerala  
CCT, West Bengal  

RECOMMENDATION OF FITCOM  
The services of transportation of passengers by air by non-scheduled/charter operations engaged by specified organisations in respect of religious pilgrimage facilitated by the Government of India under bilateral arrangement may be charged to GST at the same rate as applicable to Economy class, that is, 5% with ITC of input services.  

REASONS FOR THE PROPOSAL  
1. The existing rates of GST on various types of air travel are as under:
Recommendations of Fitment Committee on 21st December 2018

|        |                                                                           | Economy class: 5% with ITC of input services  
Other than economy class: 12% with full ITC.  
Non-scheduled/charter operations: 18% with full ITC. |
|        |                                                                           | 2. The difference in GST rates applicable on economy class (5%) and chartered flight (18%) increases the cost of air fare for pilgrims. |
|        |                                                                           | 3. The aeroplanes and seats on which the pilgrims travel are the same as in Economy class.                                             |

Note: - These items were discussed by Fitment Committee on 21st December, 2018 as there was near consensus in last meeting on 15th December, 2018 and with further meeting the issues got finalized.
